# Re-Imagining Ingredients for Healthier Food and Beverage Applications

We're re-imagining the possibilities for plant-based foods, healthier foods and beverages! Great things can happen when you sharpen your competitive edge with our patented ingredients because they do more, and they do it better. And consumers are more likely to notice the difference.

Bioenergy Ribose® is THE go-to ingredient in a variety of plant-based products, food, beverages and snacks, and its sweetener solutions change the functional sweetener category. RiaGev® is the next big thing in the healthy aging category and can be added to your next functional food and beverage application. MannoHealth™, our newest offering, is the highest purity of D-Mannose. It's naturally occurring in the human body, and integral to human metabolism.

## ***Offering Nutraceuticals Designed for Optimal Bioavailability***

Using state-of-the-art **Self-nanoemulsifying Dietary Delivery System (SNEDDS)** which improves solubility, intestinal absorption, metabolic transport and cellular uptake of bioactive compounds

Tests have proven increased bioavailability using **SNEDDS** developed nutraceuticals versus what is currently in the market, some examples are:

**Berberine:** *1.25x more soluble with 5x better permeability\**

**Curcumin:** *98% dissolves in 1.5 hours, versus 5% with 2x better permeability\**

**Ellagic Acid:** *100% dissolves versus 10% with 100x better permeability\**

**Resveratrol:** *98% dissolves in 15 minutes, versus 25% in 1.5 hours with 4x better permeability\**

**Thymoquinone:** *98% dissolves in 10 minutes, versus 30% in 1.5 hours with 12x better permeability\**

**Tributylin:** *4x more soluble and is 1,200% more bioavailable\**

*\* 2022 PAMPA Test results available on request*

### **We can't forget the Icing on the Cake!!:**

Many nutraceuticals are also known for their bad taste and odor. But, with **SNEDDS** technology, tastes and odors are masked. Therefore, opening up their use in retail products never imaginable before. Such as, Food, Beverages, Single Shots, Gummies and so much more.
