CJ BIO 320

2001 Butterfield Road, Suite 720, Downers Grove, IL, 60515, USA

<https://cjbio.net/en/>

Cecilia Kim, Sr. Strategist (Sales & Brand Strategy), cecilia.kim1@cj.net, (773) 780-1525

CJ BIO, a unit of South Korea's CJ CheilJedang, pioneers next-gen ingredients for food, nutrition, and alternative proteins. Our portfolio includes fermentation-based flavor enhancers, vegan amino acids, and pre and postbiotics, designed to improve taste, texture, and health, supporting sustainable and healthier lifestyles.

Essential Oil Producer

In 1993, Citrus and Allied began producing lime oil in Tecoman, Mexico, nestled in the lush garden state of Colima. Our factory, surrounded by lime ranches, produces both distilled and cold-pressed lime oils. Recently, we expanded our facility to produce botanical extracts – St. John's Bread and Fenugreek – essential in chocolate flavors and reminiscent of maple.

Our latest investment in steam distillation equipment and cultivation of lemongrass signal our commitment to expanding our essential oil offerings.

Expect more exciting additions to our expanding array of flavor ingredients soon.
