TopGolf is a premier golf entertainment complex featuring innovative point scoring golf games, perfect for beginners and experienced golfers. Participants hit golf balls, each containing a personalized microchip, into one of the 11 targets ranging from 25 to 250 yards away. Every section of every target has a reader that detects the microchip in the golf balls. That reader then sends a score to the bay screen based on the accuracy and distance of each shot.

**Cost is \$10 per person for 2 hours of TopGolf play.**

Golf clubs will be provided. Food and beverages are available for purchase.
